**1. What is your connection or interest in this case? \* For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)**

My daughter and I are co-owners of our home in The Peninsula subdivision and are customers of Dominion Energy.

**2. Please give a concise statement of your protest. \* (This section must be completed. Attach additional information if necessary.)**

Like I told the nice young woman (Winnifer) that came around yesterday on behalf of Dominion Energy, asking everyone in the neighborhood whether we were Dominion Energy customers or Berkeley Electric customers and asked our thoughts on the rate increase of 7.75%...we are NOT happy about the increase as they've done nothing but their job and have tons of funds available to them, even with the SCANA merger and the normal costs of running a business. There is a pandemic going on, COVID-19, have they heard?...And it's getting worse due to people not social distancing, attending events, and traveling...really?! In reality, as a business woman, I know it's really their CEO and shareholders who they are trying to satisfy with huge sums of money (bonuses and stock prices). They haven't even painted the electric boxes with paint peeling and rust on our lawns for 15 years (okay, so SCD&G didn't do it either), but I was told last year this would be done soon and it's been about a year now. Hold off on any increases till the pandemic is over and things are "back to normal".

**3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? \***

Not at my age (71)!
